

Fifa fills top public affairs job

BY IAN HALL

ZURICH: WORLD FOOTBALL'S GOVERNING body, Fifa, has recruited a new director of comms and public affairs.

Hans Klaus, a Swiss national, joins on 20 May from Japan Tobacco, where he was based in Geneva as director of global corporate comms and corporate social responsibility.

He previously ran the information service of the Swiss Federal Department of Justice and Police, and before that, was a spokesman for Swissair for eight years.

At Fifa – whose presi-

Andreas Herren, the long-serving head of media who has been acting as director of comms and PA since September when Markus Siegler left. Herren will be leaving Fifa although he “will continue to offer his services until ongo-

ing projects have been completed or handed over”.

Klaus has no previous experience in football but William Gaillard, comms chief at European football body Uefa, had a similar background – he was at the International Air Transport Association before moving into football.
